Business Briefs

Evans Chaffee Construction Group brought home six BEAM awards at the bi-annual awards ceremony hosted by the Eagle Valley Home Builders Association. BEAM awards are given to local building professionals for building excellence and achievement of merit.

Builders were judged for their overall excellence in construction, use of materials, and attention to local architecture, among other variables. Evans Chaffee was also honored for projects in 2006 and 2004.

American National Bank in Carbondale is one of six properties for which Evans Chaffee Construction Group was recognized at the bi-annual BEAM awards. This property received the Gold Honor for Green Built Construction in the Commercial Property category. Other categories for which Evans Chaffee was honored include Commercial Remodel, Commercial Tenant Finish, Single-family Residence and Multi-Family Residence.
